ANOTHER SCIENTIFIC WONDER! DR. J. S. HOUGHTON'S

The true Digestive Fluid, or Gastric Juice. REPARED from Rennet, or the fourth Stemach of the Ox, af-ter directions of Baron Lieldg, the great Physiological Chem-ist, by J. S. Houghton, M. D., Philadelphia, Pa. This is a truly wonderful remedy for Indigestion, Dyspepsia, Jamalice. Liver Complaint, Constipation, and Debility, Curing after nature's own method, by nature's own agent, the Gastric Jaice. Half a tens; contal of Pepsia, infused in water, will digest er dissolve. Five Pounds of Roast Beef in about two hours, out of the

Pepsin is the c'def element, or great digesting principle of the Gas. trie Juce, the of cut of the Food, the parifying, preserving, and stimulating agent of the stomach and it testines. It is extracted from he digestive stomach of the Ox. thus forming an Artificial Digestive The digestive stometh of the Ox. thus forming an Artificial Digestive Fluid, precisely like the natural Gastric June in its Chemical powers, and farmshing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of indigestion and dyspepsia are removed, just as they would be by a healthy stomach. It is doing wonders for Deyspepties, curing cases of Debility. Emaciation, Nervous Pecline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The scientific evidence upon which it

is based, is in the highest degree curious and remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Annual Chemistry, says:

"An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as ment and eggs, will be softened changed, and digested, just in the same manner as they would be in the human stomach." De Combe, in his valuable writings on the "Physiology of Diges

stomachs of living animals, which proved completely success De Graham, ambor of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stoonachs of animals, macerated in water, impart to the fluid the property of dis-solving various articles of food, and of effecting a kind of artificial digestion of them in nowise different from the natural digestive pro-

Dr Simon's great work, the "Chemistry of Man," (Lee & Blanchard, Philadelphia, 1846, pp. 321-2) says: "The discovery of PEP SIN forms a new era in the chemical history of Digestion. From recent experiments, we know that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself." All modern works on Chemistry, Materia Medica, and Physioloproperties of Person, and state many interesting details respecting The fact that an Artificial Digestive Fluid, or Gastrie Juice, perfeculy resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before

been applied to the cure of Indigestion and Dyspepsia- so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER. AS A DYSPEPSIA CURER.

Dr. Houghton's Pepsin has produced the most marvellous effects, in curing cases of Debdity, Emaciation Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement: but authenticated certificates have been given of more than two hundred remarkable cures. in Philadelphia, New York, and Boston alone . These were nearly all desperate cases, and the cures were not only rapid and wonderful, but perma-

treated Fever and Ague, and the evil effects of Quinine. Mercury, and ndmit of the other drugs upon the Directive Organs, after a long sickness. Also, for excess in esting, and the too free use of ardent spirits. It almost reconciles health with intemperance.
OLD STOMACH COMPLAINTS

It is a great Nervous Antidote, and particularly useful for tenden cy to Billious Disorder, Liver Complaint, Fever and Agne, or badly

THE GREAT KENTUCKY REMEDY DR. JOHN BULL'S SARSAPARILLA!! Will Wonders never Cease?

I I the following cures, performed alone by the use of BULL'S SAESAPARILLA, are not wonders, then we acknowledge that we do not know the meaning of the word. Read, and be convinced that facts are stranger than

fiction:—

LINE P. O., Fulton Co., Ky., Qct. 1, 1851.

Dr. John Bull: Dear Sir—The two dozen of your Sarsaparilla, ordered in September, came to hand, and, in acknowledging the receipt of the same. I feel I would be doing you injustice to withhold the following, among the many of the instances that have come under my observation, during the last two years, of the great curative properties of some Sarsangally.

erties of your Sarsuparilla :
Mrs. Jeannette Martin, a highly respectable lady of my
neighborhood, aged sixty-five years, had been long afflicted
with a cancerous ulcer, which finally reduced her to so
helpless a condition, that she could not leave her bed. She
had been medical advice in our county, without relief, tried the best medical advice in our county, without relief, and had given up all hopes of a cure. At this stage of her case, I persuaded her son to take a bottle of your Sarsaparilla. He did so, and in a short time returned, and purchased another bottle, stating the first had had a decidedly good effect. She continued to use it until, after the use of five or six bottles, I had the pleasure of seeing the old lady herself at church. She assured me that she kad almost entirely recovered her health, and from her I received the account of her disease, and in about the same words I give it to yo. This is but one of a number of cures under my observation—of very remarkable ones—performed by the observation—of very remarkable ones—performed by the use of your Sarsaparilla, in my neighborhood. The demand for it has steadily increased since its introduction here.

Very respectfully, your obedient servant,

WM. R. DICKINSON, P. M.

Both County, Ky., Oct. 6, 1851.

Dr. John Bull: Dear Sir—I have seen the most marvellous cure of one of my patients, by your valuable medicine—an old lady, who had been afflicted from her childhood

with scrofula, and various diseases of the brain. She was sixty years old. It had run into something like leprosy, and she was the most frightful creature my eyes ever beheld. I called in Dr. McFadden, a very fine physician, to consult with me in relation to her. We came to the conclusion that it was out of our power to relieve her; but, on going to my office, Taccidentally picked up one of your Journais, when, on seeing the wonderful cures your Sarsaparilla had effected. I resolved to try the experiment in this case. I took her two bottles of it, after taking which I perceived a great change. I took her some more. She is now taking the sixth bottle, and I consider her catirely cured. I take great pleasure in recommending your Sar-aparilla to the afflicted public. Yours respectfully,

JOHN M. ROSS, M. D.

I. Thomas A. Ringo, of Graves Co , Ky., for the benefit of mankind generally, do hereby certify, that on or about the lith day of October, 1847, I was attacked with a very severe pain in the lower part of the abdomen, which lasted severe pain in the lower part of the abdomen, which lasted but a few minutes, and moved late the left hip, and con-tinued exceedingly painful for about five days, during which time I had a very light fever. At the end of that time the fever coased, and the pain abated for a day or two, after which it again returned, and was much worse than before. During all this time I was under medfeal treatment. From a short time after I was taken, I was unable to walk or sit up; the hip in which the pain was so bad as twenty, at least. Some of the pieces were three-fourths of an inch long. Some time after this, a hard knot ap-peared on my right hip, also one on my right wrist, and one on my leg, below my knee. I continued to get weak and worse, and pain made its appearance in my right shoulder, and would move in my breast and stomach. At this time all persons gave me up to die. A physician then told me that, as a last remedy. I had better use MR. BULL'S FLUID EXTRACT OF SARSAPARILLA. After the use of the second bottle, the knot on my wrist commenced getting soft. I opened it, and a day or two after, a piece of bone came out. My wrist soon got well, and I commend to gain strength. After I used the third bottle, I could get no more for some four weeks, after which time I succeeded in getting three more bottles. After using the three last bottles, the knot en my hip became soft; it was three last bottles, the knot an my hip became soft; it was opened, and some corruption ran out together with a small piece of bone, and the sore soon got well, and the knot entirely disppeared. The sore on my leg also opened, and a piece of bone same out. I continued the use of the Sarsaparilla until I used twelve bottles, and any now entirely well, and able to do daily labor. It may seem strange to some, but I will here state that, during the summer of 1840, I cougland up three pieces of bone, which can now be seen at the residence of my unsie. Thos. Neal, when I have the and if one present doubt this statement. where I now live, and if any persons doubt this statement,

I will be happy to converse with them. If they will call on me. Signed, THOMAS N. RINGO. State of Kentucky, Graves Co., Sct. This day personally came before me the undersigned, an acting justice of the peace in and for said county, and nade oath in due form of law, that the above statement is true. Subscribed and swern to, this 15th day of February, 1850. Subscribed that swern to, this foot day of February, S. S. P. MORSE, J. P. for G. C. I. I. Irwin Anderson, Clerk of the County Court of Graves County, State of Rentucky, do certify that S. P. Morse, whose name is signed to the above certificate, is now, and was at the time of signing the same, a justice of the peace,

in and for said Graves County, duly commissioned and qualified as such, and that faith and credit are due all his official acts, as such. In testimony whereof, I have hereunto set my hand, and caused the seal of the County Court of said county to be hereunto affixed, this 18th day

of February, 1850. EDWIN ANDERSON. Can the reader believe, after reading the description of the above numerous cures, that there is still a few human beings, suffering with disease, that refuse to give Bull's Sarsaparilia a trial. It is indeed hard to believe, but nev-Sarsaparilla a trial. It is indeed hard to believe, but nevertheless, it is too true. What kind of testimony would it take to convince the few remaining disbelievers, that Bull's medicine will do more even than it promises! The doctor could produce another and another cure performed by his medicine; but if the cases published above will not convice the sceptical, it is useless to produce any more, and, indeed, it would cost a fortune to publish the many certificates that have been showered on Dr. Bull. The largest mammoth sheet in America would not contain even the names of those cured, let alone full statements of their
